Career Objective:

A self-assured, goal-oriented individual who is enthusiastic about invention and the application of fresh concepts. In order to discover a solution that inspires me to continue my career as a web developer, I want to apply my knowledge to problems that actually exist in the world.

Educational Qualification:

| Course | School/ University Name | Graduation/Passing Year | CGPA/Aggregate Percentage |
|------------------|-----------------------------|-------------------------|---------------------------|
| BTech ,CSE | JECRC University | 2024 | 89.68% * |
| 12 th | AVMD Institute | 2020 | 87% |
| 10 th | Kids Corner Sr. Sec. school | 2018 | 92% |

*Till 7th semester.

Skills:

- **Technical Skills:** C++, SQL, DSA, DBMS, OS, HTML, CSS, Javascript, React, Tailwind, Bootstrap.
- **Key Platforms:** Salesforce, Service Now.
- **Soft Skills:** Leadership, Management.

Certificates:

- **Certified System Administrator (CSA)** from Service Now. Dec,2023
- **Certified Application Developer (CAD)** from Service Now. Dec, 2023
- **Programming Using C++** from Infosys Springboard. June, 2023
- **Certificate of AMCAT.** Aug, 2023

Internship:

- **Frontend Intern:**@TEN Mar, 2024 - Present
I gained substantial experience in web design, completing various projects that enhanced my skills in creating functional and visually appealing websites.
- **Student Placement Coordinator:**@JECRC University 4 months
I worked as a student placement coordinator in the ServiceNow domain at JECRC University.

Projects:

- **E- Learning Website:** [Project](#)
E-learning websites provide online educational resources and courses, allowing learners to access information, tutorials, and training from anywhere with an internet connection.
Technologies Used: HTML/CSS, React, MongoDB, Tailwind.
- **Travelling Website:**
A travel website provides a platform for users to plan, book, and manage their travel experiences. These websites offer a wide range of services and information to help travelers.
Technologies Used: HTML/CSS, React, Tailwind.
- **GrowthX Frontend UI clone:**
This involves replicating the visual design, layout, functionality, and interactions of the original frontend using HTML, CSS, and JavaScript.

Extra-Curriculum Activities:

- **Communication Head** at JU’s Alumni Association 2022-2023
- **Assistant Partnership Manager** at JCS (JECRC Cloud Summit) 2022
- **Google Cloud Associate** at JU’s GCCF (Google Cloud Computing Foundation) 2022
